

Workforce Reintegration

Adults re-entering the workforce

Chair: Dr. Mary McMahon

“What the Country Papers said”

Workforce Re-Integration

Questions to guide discussion

1. *To what extent are public employment services proactive and preventive, focused on improved employability and sustained employment?*

To what extent are public employment services remedial and reactive, focused on immediate employment?

How can public employment services do both?

Who are the stakeholders and what is their responsibility?

Workforce Re-Integration

Questions to guide discussion

1. *Economically disadvantaged people and economically disadvantaged communities are often interconnected.*

To what extent are career development and public employment services equipped to be effective with disadvantaged people and communities.

Is a different kind of career service needed?

If yes, what would some of its features need to be?

Workforce Re-Integration

Questions to guide discussion

1. *What is known about the distinct career development needs of different groups of unemployed adults?*

How can needs-based services be organized?

What strategic partnership models are needed?
